January 3, 2025

Dear Neighbor:

Following feedback received from the community during this past summer's outreach, Metro has made updates to the RapidRide K line route. Beginning **January 16 through February 13**, Metro will be sharing updates on the project, including how community feedback played a key role in project development and the new recommended routing. Additionally, our team will be seeking input on two components of the project's improvement areas: speed and reliability as well as access to transit.

We are writing to inform you that Metro's early design plans for RapidRide K Line show this new bus service may have some impacts on nearby properties or businesses. We invite you to learn more about this project by visiting our website — kingcounty.gov/rapidride/k — and sharing your thoughts via the online survey. If you have any questions and wish to connect, please find our contact information below. We are committed to engaging our neighbors at every stage of the RapidRide project.

About RapidRide K Line

Metro is working to bring new RapidRide service to the Eastside, to provide better, more reliable bus service to communities in Kirkland and Bellevue. By 2030, Metro plans to bring RapidRide K Line to the fast-growing communities between Totem Lake Transit Center, downtown Kirkland, downtown Bellevue and the Eastgate Park-and-Ride.

Sincerely,

King County Metro
RapidRide Community Engagement

Dear Neighbor:

Following feedback received from the community during this past summer's outreach, Metro has made updates to the RapidRide K line route. Beginning **January 16 through February 13**, Metro will be sharing updates on the project, including how community feedback played a key role in project development and the new recommended routing. Additionally, our team will be seeking input on two components of the project's improvement areas: speed and reliability as well as access to transit.

We are writing to inform you that the new recommended RapidRide K Line route will no longer impact your property. As neighbors along the route, we hope you will visit our website — kingcounty.gov/rapidride/k — to learn more about the project and share your thoughts via the online survey. If you have any questions and wish to connect, please find our contact information below. We are committed to engaging our neighbors at every stage of the RapidRide project.
